We are fully stocked with healthy fish and beautiful quarantined and aquacultured corals as well as a full line of products from all the major brands including over 40 tanks available to take home with you or be delivered. We feature aquariums from Red Sea, Waterbox, Aquaforest, and Nyos. We are proud to be state certified Aquaculture facility (AQ0260107) and specialize in the growth of high end SPS, LPS & Soft Corals. We have a 1,200 sf Aquaculture Facility attached to our retail store where we aquaculture all our coral in house. Everything we purchase has been ethically sourced and goes through our two stage quarantine process to make sure all corals are healthy and pest free. All species sold are not endangered or

restricted. Website:
